Re: Tax Credit Assistance Program (TCAP) Availability

Due to having a greater demand of TCAP funding than what is currently available, IHCD will not accept new TCAP applications as of October 19, 2015. Applications already submitted will remain in line based on the submission date and will be reviewed as funding becomes available. IHCD will issue a RED Notice when additional funding becomes available for new applications. An estimated re-open timeframe is mid-2016.
